Damage to Accomodatio/Buses, etc: We need your help in respecting and honoring the places we get to stay and use. Remember you are representing yourselves, your family, Grace Church, and Jesus Christ.

You will pay for the damages and be sent home immediately.

Staff/Leader Responsibilities: It is our job to help protect and care for you on this trip.

- At all times the staff and leaders have the authority to modify or implement the covenant to fit the needs of different circumstances that may arise

Student Responsibilities: Along with keeping the covenant yourself, we expect that you help everyone stay accountable to the covenant. In confidence, we expect that you inform a leader if you become aware of the covenant being broken. By not reporting covenant infractions you jeopardize: the safety of the group, the leaders, and risk being seen as associated or a participant in the infraction.
